6. Landscaping. A minimum of one (1) tree measuring a minimum of 2.5" in caliper shall be retained or planted in the front yard of each residential lot and side yards on corner lots in the Property. In no case, shall any such tree be planted more than ten (10) feet from the right-of-way unless otherwise approved at the time of landscape plan approval. The front and side yards of any lot within the Property shall be irrigated and planted with sod. Each new dwelling on the Property shall have prototypical plantings (shrubs and ornamental ground cover) along the entire front foundation.

7. Foundations. All dwelling units on the Property shall be constructed with crawl space foundations except for basements, garages and as may otherwise be approved at the time of plan of development or subdivision review. The exterior portion of the foundations below the first-floor level which is visible above grade shall be finished with full standard brick or stone unless otherwise approved by the Director of Planning.

8. Building Materials. Any dwelling, including any garage accessory to such dwelling upon the same lot whether attached or detached shall have exposed exterior walls (above finished grade) of full standard brick, stone, cementitious siding, or a combination of the foregoing, unless otherwise approved by the Director of Planning.

9. Roof Material. Any dwelling on the Property shall be constructed with a roof that has a minimum certified twenty-five (25) year warranty.

10. Garages. Each new dwelling on the Property shall be constructed with a minimum of a two (2) car garage, which shall be attached.

11. Driveways. All new driveways shall be constructed of either cobblestone, brick, asphalt, pre-cast pavers, concrete or other similar materials approved by the Director of Planning or the Planning Commission at the time of subdivision review.

12. Fireplace Chimneys. The exposed portions of all fireplace chimneys shall be of full standard brick, stone, or cementitious siding. The exposed bases of all chimneys shall be of the same material as the building foundations. The exposed portion of a flue for a direct-vent gas fireplace shall be constructed of the same material used on the adjacent siding and shall be built on a foundation that is constructed of the same material that is used on the adjacent foundation.

13. Cantilevering. No cantilevered features will be allowed, except for direct gas vents and second story bay windows which will be designed and constructed with decorative corbels.

14. Restrictive Covenants. Prior to or concurrent with the recording of the subdivision plat applicable to that portion of the Property and as approved by the County, restrictive covenants describing development controls and maintenance of such portion of the property and establishing two separate owners' associations (one for each portion of the Property on either side of John Rolfe Parkway, and each an "Association"), shall be recorded in the Clerk's Office of the Circuit Court of Henrico County.

15. Underground Utilities. Except for junction boxes, meters, pedestals, transformers, transmission mains and existing overhead utility lines, and for technical and environmental reasons, all utility lines shall be underground.

16. Sidewalks and Fencing. A sidewalk a minimum width of four (4) feet shall be provided and constructed along the east side of Old Pump Road adjoining the Property pursuant to County standards. Any sidewalk along John Rolfe Parkway disturbed by the construction of the private common road along John Rolfe Parkway, including any entrances and turn lanes, shall be replaced per County sidewalk standards. No chain link fencing shall be permitted on the Property.

17. Hours of Construction. The hours of site work construction shall be between 7:00a.m. and 8:00 p.m. Monday through Friday, 9:00 a.m. to 5:00 p.m. on Saturdays and none on Sunday, except in emergencies or where unusual circumstances require extending the specific hours in order to complete work such as concrete pours and utility connections. For purposes of this proffer, site work is defined as any construction work shown on approved construction plans for the initial construction of roads, utilities, infrastructure and the respective exteriors of structures. Hours shall be posted in both English and Spanish until the roads are accepted by Henrico County for maintenance.

18. Landscaping and Buffering.

a. Overall. Any buffer within the Property required herein shall be retained as natural and may also be landscaped, and may include supplemental plantings, signage, berms and/or fencing and other purposes as approved at the time of landscape plan review. Roads, sidewalks, utility easements (including drainage), common owned fencing/walls adjacent to any roads or drives, and signage shall be permitted within such buffer; provided, any such road

or utility easements shall be extended generally perpendicular through such buffer. All buffers in common area shall be maintained by the respective Association. No stormwater facilities (other than necessary drainage connections) shall be located within a buffer.

b. John Rolfe Parkway. A natural and landscaped buffer a minimum of thirty-five (35) feet in width and planted to the level of a transitional buffer 25 shall be provided adjacent to John Rolfe Parkway from the northern boundary line of the Property to the southern entrance of the private common road along John Rolfe Parkway. A natural buffer a minimum of thirty-five (35) feet in width shall be maintained adjacent to John Rolfe Parkway from the southern entrance of the private common road along John Rolfe Parkway to the southern boundary line of the Property along John Rolfe Parkway.

c. Pump Road. A natural and landscaped buffer a minimum of twenty-five (25) feet in width and planted to the level of a transitional buffer 25 shall be provided adjacent to Pump Road as shown on the Concept Plan.

d. Residential Buffer. A natural and landscaped buffer a minimum of ten (10) feet in width and planted to the level of a transitional buffer 25 at the time of commencement of home construction shall be provided along the boundary of the Property with the Chapelwood and Barrington West subdivisions as shown on the Concept Plan. The ten (10) foot buffer shall include supplemental evergreen plantings necessary to provide additional screening for existing, adjoining single-family dwellings located in the Chapelwood and Barrington West subdivisions as determined at the time of landscape plan review. Evergreen trees planted to meet the transitional buffer 25 standard shall have a height of not less than six (6) feet at the time of planting. Deciduous trees planted to meet this transitional buffer 25 standard shall have a minimum caliper of two and one-half (2.5) inches at the time of planting. Evergreen shrubs planted to meet this transitional buffer 25 standard shall have a minimum height of twenty-four (24) inches at the time of planting. All trees with a caliper of three and one-half (3.5) inches or greater (except those that are naturally dead or diseased or as otherwise approved at the time of subdivision review) within such ten (10) buffer shall be retained during development of the home, except where utility or drainage easements are required.

19. Road Improvements. As required by the County at the time of subdivision review, a right turn lane from John Rolfe Parkway into the southern entrance of the private common road along John Rolfe Parkway shall be constructed. Old Pump Road shall be improved as required by the County at the time of subdivision review.
